Assalamu Alaykum!

Reference your fax of September 8, 1989. Following are three alternatives for getting the telephone number for Sana-Bell:

1. Get a number with and have it answered by an answering service.
2. Have it ring in my office to be answered by my Assistant.
3. Establish an office at our location on the first floor which you have already seen, and get a telephone number to be answered by an answering machine. The messages could be retrieved by us and yourself.

Please let us know your preference.

Also, please send us, after signing, the Bank account opening forms and \$5000 to be deposited for paying telephone bills and other necessary expenses such as Attorney's fees.

Thanks and regards.

Assalamu Alaykum!

Thank you very much for your fax of September 3, 1989. I will proceed with the letter-heads but please tell me about the phone number to be used. Shall we get a number for Sana-Bell or use my private number?

The appraisals for other projects will take time. I would propose for the time being to consider the following:

1. Piedmont Poultry Company Inc.

Sana-Bell buys the plant at \$6.0 million and sell it back to Piedmont at \$8.75 million, whereas Piedmont will make six yearly payments of \$1.460 million. Effective net return is little more than 12%.

2. Waterford, Indiana

Sana-Bell acquires 25% of the partnership for \$2.5 million. Effective return will be around 10% with potential appreciation.

3. JAMI Co.

The Joint Arab-Malaysian Co. in Kuala Lumpur was organized about a year ago to make investments in Malaysia. Currently, Al Rajhi, Al Barka, Saar, etc. are the shareholders. We invite you to contribute about \$2.0 million as equity in JAMI. All projects are financed Islamically.

Thanks and regards.

*8 pages*

Assalamu Alaykum!

1. Waterford:

Enclosed is a copy of an older certified appraisal verifying the fair market value at which Sana-Bell is to participate.

2. Piedmont Poultry Co.

I suggest that Sana-Bell buys the plant at \$6.0 million and sell it back to Piedmont at \$8.75 million, whereas Piedmont will make six yearly payments of 1.460 million. Effective net return is little more than 12%.

3. Please select the form of the letterhead.
